

# Czech Pilsner 12

Founded in 1573, Kutna Hora is still independently owned and operated. With deep roots in the Czech beer scene, Kutna Hora continues to produce the world's finest craft pilsners and lagers, while strictly adhering to traditional Czech brewing methods.

The "Gold" from Kutna Hora is a full-bodied authentic craft Czech Pilsner with higher but absolutely delicious bitterness. Pleasantly grassy with a superb finish on the palate. A proud flagship of the Kutna Hora brewery, to be appreciated by real beer connoisseurs.
